

## **Parent Education**

There are often educational opportunities offered within the school district that are created for the parents. The Parent Advisory Council forwards information to parents in the school through the PAC e-mail system, or posts this information on the PAC bulletin board outside the office.

This year, the PAC has made a commitment to offer parent education opportunities within our own school as well.

This is envisioned as a series of speakers that will address subjects of interest to our parents at the monthly PAC meetings. These meetings are held at 7 pm on the last Monday of every month (except December, March and June) in the school library. Childminding and refreshments are provided.

Topics being considered for PAC meetings are:

- PAC Budget / School Plan
- Literacy tools for parents of new readers
- New Math primer for parents
- Parent survey with regards to parent priorities for PAC initiatives
- Internet Safety
